EXPERIENCE

Data Chair/Team Member   Feb 2021 - Present
AIESEC Michigan| Ann Arbor, MI

AIESEC is an international youth-run organization that strives to make progressive social impact and provide cross-cultural experience to create long lasting impact on the international community.

As a Team Member:
- Foster relationships with AIESEC organizations overseas to help gather volunteers to send over to the United States
- Develop relationships with volunteer organizations around the United States to help them find volunteers they want
- Help gather information on United States embassies and consulates around the world to help people get B-2 visas

As Data Chair:
- Currently still in process of learning Celonis, a process mining software, to help better utilize the data we have in AIESEC
- Help solve problems surrounding the inefficiencies working in the background of this organization

Pitch Group Member   Feb 2021 - Present
Michigan Collegiate Investment Group | Ann Arbor, MI
- Pitched stocks that had upside potential, such as TSM. We analyzed the company's financial statements, chart's technical analysis, sector overview, and SWOT analysis.
- Communicate and work efficiently to solve any conflicting ideas on the thesis.
- Help manage the group's investment portfolio

Noodles Worker   December 2020 - Present
Noodles & Company | Rochester Hills, MI
- Manning the noodle station to create a variety of dishes.
- Communicate clearly and concisely to help saute or other stations with their work in a fast-paced environment

SKILLS

Programming| One semester experience in R and Python

Microsoft Office| Currently learning Excel. Comfortable with Powerpoint and Word
